Around the corner was the Street of Beggars where dwelt stark poverty, deadly diseases and filth beyond description, and there, in that terrible hovel of sorrow, the woman who sought happiness in giving to the poor found it in a begging child and an old demented, hashheesh-drugged man whose one idea was to find and kill the woman who deserted him. These miserable creatures are her husband and child.

The \$25,000 when secured will be placed in the bank and the delegates to the next state meeting will decide upon the purpose for which it will be used. Don't worry about the high price of jams, jellies and preserves. Serve Karo, the Great American Sweet. Buy it by the dozen cans. An important message. Read it!

MONG the twenty odd million American Homes there is probably not a single one where Karo is not served in some manner -- for breakfast, for dinner or for suppor.

During those days of high prices, Karo has become another word for economy. Thousands of thoughout housewives have learned that Blue Label Karo is not only a delicious spread for grancakes, but answers every purpose where a sweet is needed.

Instead of paying the present high prices for jams, julied and preserves—serve Blue Label Karo on silced bread, toast, pancakes or waffles.

Do as the wise cooks are now doing: Use Karo to stew dried fruit, prunes; use it for candied sweet potatoes, brown bread, muffins, coffee cake and puddings.

Karo Home-made Candy is the best for children. It is wholesome, easy to make, costs much less than store candy.

Mothers give children Blue Label Karo and sliced bread because it satisfies Nature's craving for oweets and takes the place of

IMPORTANT

There never was cuch a demand for Blue Label Karo as today. Housewives everywhere are buying it by the dozen cans. Ask your grocer the price per dozen. For economy's sake buy it this way.
